

## President's Message

Seasons' Greetings!

This month we are taking time off from our meeting to enjoy our families, friends and holidays. In January, we will resume our schedule and no doubt see lots of finished projects on the show and tell table.

Even though it's sure to be a busy month, I hope you will all take time to light the fire, nestle in to your best stitching chair and go to town on a canvas you've been waiting to start. Make it your little prezzie to yourself...

I can't wait to see the results!

Vickie

December 2010

**Cont.**

**Kit/Supplies:** Each person to bring a tape measure with centimeters on it, a pincushion, 2 small scissors---one for cutting paper & metallic thread & one for cutting perle cotton

The kit will include everything for making the temari from scratch: rice hulls in a piece of hosiery, yarn, cones of serger thread, metallic thread, perle cotton in various colors, long darning needle, pins with colored tops and all the printed directions we will need.

At the January meeting, we will make the mari (ball) with rice hulls & hosiery, wrap with yarn, then with yards & yards of serger thread. Hopefully, we will also get the marking done on it with the metallic thread. If we do not finish it at the meeting, we will have enough printed instructions to complete it at home. At the March meeting, we will stitch the pattern on the mari with perle cotton & a little more of the metallic. We should have a completed temari by the end of the March meeting (or be very close to finishing--enough so we can complete it on our own).
